Dear Parent/Guardian,

I am excited to welcome you and your students to Soquel High School for the 2021-2022 school year. We are expecting to open in full, with all students on campus for the full five days per week. In other words, back to “normal school.” Specific information on current safety protocols will be communicated soon. In adapting to pandemic education over the past 18 months, teachers changed their instructional techniques and our support staff created interventions and systems that we will continue to implement and refine.

An important change for us will be a new daily bell schedule. New legislation requires that we start school at 8:30 AM. In previous year's, our “Zero” period started at 7:35 a.m. **Beginning in 2021-2022, our “Zero” period will begin at 8:30 a.m. daily.** The new Soquel Bell Schedule is included with this letter.
